## General advice

- Students and teachers should consider how to focus their revision of other parts of the specification which may be tested in lower mark questions.
- Students and teachers should consider how to focus their revision of other parts of the specification, for example to review whether other topics may provide knowledge which helps your understanding in relation to the areas being tested in 2022.
- Students should only refer to the advance information for components for which they intend to sit examinations, for example for specifications with optional papers.
- It is advised that teaching and learning should still cover the entire subject content in the specification. The government believes it is important that students cover the curriculum as fully as possible, so that they are as well prepared as possible for progression to the next stage of their education.
